[Office for Academic Staff](#) > [News](#) > The Technion has been selected to receive the 2026 Yigal Alon Prize

The Technion has been selected to receive the 2026 [Yigal Alon Prize](#) for Exemplary Pioneering Achievement and Contribution to Israeli Society and Creativity. Awarded annually by the Palmach Generation Association for the past 45 years, the prize focuses this year on advancing breakthrough technologies in Israel. The Technion was selected in recognition of its outstanding contributions to research, innovation, and the education of generations of leaders in science, engineering, and medicine, guided by its core values of excellence, integrity, social responsibility, and service to the State of Israel, as well as for strengthening Israel's status as a global center of scientific and technological excellence.
